The funding will be used to assist staff with the operational, administrative, and logistical activities related to the transferring Alamance, Davidson, and Randolph Counties to the Piedmont Triad Regional Workforce Development Board local area.

As the transfer process continues to move forward this type of funding is needed to sustain operations and maintain continuity of service to employers and individuals. PTRC is appreciative of the Division's support.

ACTION REQUESTED:

Authorize receipt of \$55,012.00 in county transfer support funds from the NC Commerce Division of Workforce Solutions.

ACTION ITEM # 3

RE: JFF's Workforce Communities of Inquiry in the Deep South

The Piedmont Triad Regional Workforce Development Board (PTRWDB) has been selected as one of 7 organizations for participation in an initiative that will research what's needed to close the wealth gap and curtail occupational segregation for black learners and workers.

The Workforce Communities of Inquiry (WCI) in the Deep South is supported by funding from the Walmart Foundation and Jobs for the Future (JFF). The initiative will work collaboratively with workforce organizations in communities across the Deep South to facilitate honest, intentional, and focused dialogue that explores service delivery, equity, and job-seeker outcomes within the context of race and diversity. It is the hope of JFF that, through this process, community conversations will surface potential solutions to addressing system-level challenges that promote or uphold inequitable practices, policies, and behaviors, specifically those that disproportionately impact the Black community.

Project Goals

- Develop and test a replicable community-driven research agenda rooted in JFF's Workforce Transformation Strategy and aligned to JFF's Racial Economic Equity Call to Action.
- Identify a set of learning outcomes that speak to the ways in which specific policies, approaches, behaviors, or circumstances have impacted access, opportunity, and outcomes for Black people utilizing the public workforce system.
- Present findings and recommendations on policies, people, programs, and partnerships to a subset of your organization, including the private sector board of directors.

The project timeframe is March, 2023 to January, 2024. JFF will provide guidance, technical assistance, and support funding in the amount of \$15,000. The overarching objective of the project is to equip local and regional workforce professionals with a research protocol and supporting tools that empower them to identify conditions, environments, and strategies that generate and promote an unbiased inclusive human-centered approach to workforce service delivery. The Piedmont Triad Regional Workforce Development Board is excited to be a part of this initiative.

ACTION REQUESTED:

Authorize engagement in JFF's Workforce Communities of Inquiry in the Deep South initiative and the receipt of technical assistance and \$15,000 in support funds.

ACTION ITEM # 4

TO: Executive Committee, Piedmont Triad Regional Council
FROM: Adrienne Calhoun, Area Agency on Aging Director
DATE: March 1, 2023
RE: Request authorization to enter into contract with regional nutrition providers for congregate nutrition services for the grant period March 1, 2023 – September 30, 2024.

ARPA funds provide a unique opportunity to consider needs and service delivery that have the potential to respond to unmet needs of older adults and family caregivers. The PTRC AAA is taking a regional approach in distributing these funds-based on the priorities established by the North Carolina Division of Aging and Adult Services.

PTRC AAA made county specific ARPA Nutrition Services Congregate Meals and/or Congregate Grocery/Produce Bags mini grants available. These are available to currently funded regional Nutrition Services providers. Funds are for serving Congregate Meals and/or Congregate Grocery/Produce Bags to people age 60 years of age or older who have been or are currently receiving Congregate Meals and/or Congregate Grocery/Produce Bags through previously allocated COVID relief funds (Families First, CARES Act, ARPA). Congregate Meals and/or Congregate Grocery/Produce Bags may also be provided to new clients unable to be served due to insufficient Home and Community Care Block Grant funds. Nutrition Services providers awarded the grant funding must meet the NC Department of Health and Human Services (NC DHHS) Division of Aging Nutrition Service Standards (July 1, 2003) for Congregate Meals.

County specific allocations were based on the North Carolina Intrastate Funding Formula (IFF).

Weight	Variable
50%	60+ population
30%	60+ poverty
10%	60+ rural
10%	60+ minority

ACTION ITEM # 4 CONTINUED

Since the PTRC AAA received proposals from six county nutrition providers, the remaining funds (\$302,874.00) were left unallocated. The PTRC AAA didn't want to leave funds unallocated so negotiations took place with the six county nutrition providers.

The chart indicates funding awards.

County	Nutrition Providers	Funded Nutrition Services	Funding Award
Davidson	Davidson County Department of Senior Services	Congregate Nutrition	114,624
Forsyth	Senior Services, Inc.	Congregate Nutrition	222,602
Randolph	Randolph Senior Adults Association, Inc	Congregate Meals	65,000
Stokes	Stokes County Senior Services	Congregate Nutrition	60,515
Surry	Yadkin Valley Economic Development District, Inc. (YVEDDI)	Congregate Nutrition	71,059
Yadkin	Yadkin Valley Economic Development District, Inc. (YVEDDI)	Congregate Nutrition	55,525
Total ARPA Funding			\$589,325

Area Agencies on Aging (AAA) across North Carolina are working with Senior Health Insurance Information Programs (SHIIP) to outreach to older adults and individuals who have mental or physical disabilities who are eligible for Low Income Subsidized Medicare benefits. The PTRC Area Agency on Aging has been awarded \$110,811 to provide outreach and education across the region.

We will use all connections we have to leverage an increased number of people. In anticipation of this funding, we have already discussed targeting methods with SHIIP coordinators to effectively service our counties.

ACTION ITEM #9

M-E-M-O-R-A-N-D-U-M

TO: Executive Committee, Piedmont Triad Regional Council
FROM: Matt Reece, Assistant Director
Date: March 1, 2023
RE: Request to begin an immigration sponsorship program.

PTRC is seeking approval to begin an immigration sponsorship program. The current challenges of the labor market have meant that previously untapped sources of talent need to be explored. The background to this request is that a UNCG MPA student interned with us last year. Reem Al Raiisi worked for a few months as an Administrative Intern and exceeded our performance expectations. Reem was able to assume the duties of our HR Analyst when a vacancy suddenly occurred. The former HR Analyst was able to start orienting Reem immediately during her resignation notice period. Reem's immigration status is F-1, a student visa, with a work certification. The expectation at the time was extension of the work certification available through US Citizenship and Immigration Services' (USCIS) STEM employment pathway. Since that time PTRC has learned that advanced degrees in Public Administration do not meet the USCIS STEM employment definition.

Therefore, PTRC's is seeking to sponsor Reem's visa application to an H-1B work visa. There is a cost to this process for legal fees and USCIS fees of \$9,960. PTRC proposes the attached H-1B visa petitioner / sponsor to beneficiary support agreement. The agreement provides PTRC to pay these fees in exchange for a repayment through commitment of service over four years. See the attached agreement for details. The sponsorship agreement is similar and based upon what counties and municipalities have used for decades when sponsoring cadets in public safety programs.

PTRC would make this program available in the future when the following circumstances occur:

- 1) A foreign national has already established visa status and is seeking to extend that status,
- 2) the worker has a specialized set of knowledge, skills, and abilities not easily sourced in the labor market,
- 3) the worker has a proven track record of job performance either through PTRC or a member government, and
- 4) the worker is willing to accept the terms of the visa petitioner / sponsor to beneficiary support agreement.

The Executive Director concurs and recommends this program for approval. PTRC has available funds to pay for the legal fees and USCIS fees through the administration budget.

ACTION ITEM #9 CONTINUED

H-1B Visa Petitioner / Sponsor to Beneficiary Support Agreement

I, Reem Al Raiisi, being employed as a Human Resources Analyst for the Piedmont Triad Regional Council, enter into this agreement with the Piedmont Triad Regional Council to paid the legal fees and filing fees associated with my H-1B Visa application, specifically, I do hereby agree and promise to pay to the Piedmont Triad Regional Council the sum of the aforesaid costs incurred by the Piedmont Triad Regional Council as indicated in the table below.

At the end of four full years of service to the Piedmont Triad Regional Council, the full note shall be declared paid in full.

I do further agree that in the event I leave the service of the Piedmont Triad Regional Council, either voluntarily or upon my dismissal for cause, or if I fail to performance as an independent operator, the balance of the note will be then owing and said note shall immediately become due and payable. The total of costs will be distributed over four years with a repayment not to exceed \$2,490 for each year.

In the event the Piedmont Triad Regional Council chooses to eliminate my employment through reduction, this note will become null and void and not become due and payable.

Dear Honorable Richardson,

On February 10, 2023, the Division of Workforce Solutions (DWS) finalized the review of the Piedmont Triad Regional Workforce Development Board's audit for the year ended June 30, 2022. The audit was reviewed for compliance with OMB Uniform Circular.

There were no audit findings associated with grants received from DWS. However, there was a variance between WISE reported data and the Audit's Schedule of Federal Awards. The WDB provided explanation and supporting documentation for the variance. Therefore, we consider the audit closed for funds received through our office.

Although the audit is closed, please keep in mind that any program year allocation for which you continue to expend funds is not considered closed until fully audited. According to our records, the following grants are fully expended and audited:
