

North Carolina Big Sweep Davidson County

Removing Litter and Debris for Improved Health and Economy!

North Carolina Big Sweep's purpose is to rid our environment of litter by promoting environmental education and coordinating an annual statewide cleanup. The **Big Sweep** helps us keep our state's watersheds clean by removing trash. **Pollution** in our watersheds **destroys** wildlife habitat and food sources, and it ruins many opportunities for recreation. Everyone suffers from harmful debris entangling boat motors, hurting animals, breeding mosquitoes and tarnishing **nature's beauty**.

- On **October 6th, 2012** volunteers will join together to help clean up debris from each of North Carolina's 100 counties.
- Teams in Davidson County will assemble at the **Finch Park** or other **Designated site** at **9am**.

Please bring the following items: comfortable old clothes (you will get dirty), sunscreen, snacks and drinks, insect repellent, and sturdy, closed toe shoes.

Trash bags and gloves will be provided.
