

**Get Ready:** If you think a career in transportation/logistics sounds interesting but you are not sure if it's the career pathway for you, your local NCWorks Career Center is the place to start. Each Career Center has qualified career counselors who can assist you with a number of valuable services – all at no charge.

Take a skills assessment, learn about job-training programs to help you attain and increase your skillset in order to obtain employment. You also have labor market information available to you so you can learn about careers that interest you, what those jobs pay and how you can move up along the transportation/logistics career pathway.

## Get Trained

NCWorks Career Counselors can help you learn about the training you will need to enter and proceed along the transportation/logistics career pathway. Depending on your need, NCWorks may also be able to provide financial assistance or on-the-job training opportunities.

NCWorks is with you every step of the way, from assessing your skills, through training and job placement. Career counselors can assist you with your job search, connecting you with employers, helping you write a resume and prepare for interviews.

## Get Hired

We can help you explore training courses in your area and online that are right for you.
