Lead Pilot Entity

- LPEs will:
 - Develop, manage, and oversee network of community-based organizations and social service agencies that will provide pilot services
 - Assist care managers with connecting beneficiaries to the right resources
 - Facilitate payments to CBOs and data collection
- LPEs must have:
 - Strong connections to community resources
 - Strong financial and data management abilities
- LPEs will have access to capacity building funding to gain the necessary infrastructure
- NC Resource Platform – NC Care 360 can be part of infrastructure

Lead Pilot Entity: Evaluation of Piedmont Triad Regional Council (PTRC)

PTRC is organized as a *voluntary association of local governments*, urban and rural, authorized by state law to:

1. Make and implement joint regional decisions;
2. Provide management, planning and technical services to local governments;
3. Identify and solve short and long-term problems best addressed at the regional level;
4. Bring together local elected officials on a regular basis, giving them an opportunity to form working relationships; and
5. Promote regional issues and cooperation among members

Pros	Cons
Strong connections to community resources	AAA networks lack Community Based Organizations who serve pregnant women, children and adults 22+
Strong financial and data management abilities	Payments to CBOs and data collection activities are TBD
